WHY IS HE DOWN IN THE DOLDRUMS???

- Physically
- Emotionally
- Mentally
- Spiritually
- Socially

BECAUSE HE BLAMES EVERYTHING OUTSIDE HIMSELF FOR MAKING EVERYTHING INSIDE GO WRONG.

STRESS	GERMS	WORK	VIRUS
FINANCES	CHOLESTEROL	RELATIONSHIPS	

The causes of your problems are inside you... but so are the solutions. The intelligence which animates, motivates, heals, coordinates, inspires you is INSIDE.

Vertebral subluxations block you from intimate awareness of the all knowing intelligence within you.

Lack of communication between you and your Innate Intelligence creates difficulty in experiencing the beauty, joy, excitement, peace, and the healing nature of life itself.

Vertebral subluxations (abnormal tension and positioning of the spinal cord, nerves and spinal bones) create an environment for us to look outside ourselves for causes and solutions.

When freed of interference in your nervous system, **YOU ARE YOUR SOLUTION.**

Chiropractic is the art, science and philosophy which deals with the correction of these vertebral subluxations. Let chiropractic adjustments take you and your loved ones out of the DOLDRUMS.
